

Interests include reading, gardening, golf, tennis, music, playing Rummikub, and occasional bridge.

I live on Cape Cod during late spring ,summer, and early fall where I enjoy the beach, clamming, and swimming. I cook lobster for all of my guests! Jupiter, FL is my home from Nov. through mid-April, where I do many of the same things and volunteer. I also run a book group which I started 14 years ago in which seven of the original nine members are still active.

I also enjoy keeping in touch with old friends via phone and email. Life is good!

Sandy
